

# FOUR CORNERS

## THE NATIONS LIVE IN BELGIUM

One of our favorite things about living in Belgium is the international setting. Every day, we experience a different culture. We feel like we are joining in the scripture from Rev. 7:9, “Behold, a great multitude that no one could number, from every nation, from all tribes and peoples and languages, standing before the throne.” Sometimes it is a challenge to sit through a meeting in a different language without a translator but it always seems that the Holy Spirit is the same in every place. One weekend we had 2 hours of prayer and worship in Flemish and a 2 day conference in Portuguese. Rocky was able to preach in a Congolese church, Romanian church and a Dutch church.

## Prophetic Ministry over Pastors

Our main responsibility here in Belgium is to serve on the board which oversees 100 churches in the Antioch Network. This is the first time that we have been awarded the opportunity to pray and give prophetic words at our ANET conference. We felt inspired to put each pastor and his wife in a place of receiving directly from personal prayer. We formed 3 teams so that we could handle the volume of participants in this ministry time.

Rocky organized the prophetic teams which combined Americans with French speakers. We are thankful to Rickey Augustus who came in from Dallas and Melodie Noble from Paris. Also joining the team were Romualdo Amadar, Gretchen Schwartz, Michel Andrade, Renee Bennett, Apostle Daniel, and Cynthia our translator. For many of the pastors and leaders it was their first time to experience this kind of personal ministry. We believe they were edified and hope that this will pave the way for more ministry teams to come into their churches.

The third session of the conference was led by Rocky and our prophetic team joined by the worship team of Allyster Taubeneck and Zach Lowrie. We were excited to introduce the element of worship mixed with prayer for the intercession time.

## GLOBAL DAY OF PRAYER

Rocky was privileged to lead one of the sessions of prayer for the Church of Belgium. She is the Lord's church and the Lord's bride. God is waiting to see her become a spotless Bride. We were able to present this vision for praying with faith over the church. The team of pastors who led the other sessions are all colleagues of ours who are now working closely together for each other.

## THE CALL GENEVA

Due to a busy schedule with the ANET conference, we were unable to travel to Geneva this year. We still wanted to participate so we joined others at the Brussels House of Prayer. One of our team painted this sketch to represent the prayers flowing down from Belgium to Switzerland and out to the nations.

## SHALOM FESTIVAL

On May 24 2014, a man walked into the Jewish Museum of Brussels and shot four people. He disappeared without any witnesses. Cameras caught his silhouette on camera but could not provide a great deal of facial recognition. We made a call to prayer. This was the backdrop to the Shalom festival that took place again this year. The festival is a public celebration of Christians and Jews in Brussels which promotes our agreement to stand with one another. With the assassin still at large, the police asked us to cancel our event scheduled to place a few blocks from the Grand Place. Both sides decided to proceed. Thankfully, the day before our event, the killer was caught in Marseille France. It was a random search. He had the guns plus a video of himself telling others what he would do. This is a miracle from God.

The Shalom Festival went on as scheduled on Sunday. The churches came out to stand with our Jewish Community. It was a great show of support and it made the news as a top story!!! The newspapers and TV reporters were there to interview our national leaders, who were able to tell the country how important it is that we support Israel at this time. As European Jewish Congress President Moshe Kantor said, "Attacks on Jewish targets in Europe do not exist in a vacuum, but are part and parcel of an overall climate of hate and incitement against Jewish communities."

 **RELAUNCH**

A **BIG THANKS** to all who donated for our apartment and car in Belgium. After seven years, we finally replaced our 1999 car with a 2005 Citroen. A car is the number one tool that equips us for ministry. We also have moved into a 3 bedroom townhome – but we still have a guest room! Let us know if you would like to come for a visit.
